How the parish/district system is designed to work:

1. Once a need is known (meals, child care, etc.), your overseeing deacon will contact the parish contact. It will be the parish contact's responsibility to arrange help within their parish.
2. If the need is greater than what the parish can handle, then the parish contact should contact the other parish contact within their district.

3. Parish contacts should try to stay in-touch with each other, and their overseeing elder and deacon as necessary.
